

Giving from your Checking Account

Two or Three ways to do it!

You write the check – put it in an envelope, address the envelope, put a stamp on it and mail it in.

You set it up with your bank to mail us a check automatically with a Bill Pay program. (Will vary from Bank to Bank)

You set it up for us to automatically withdraw from your account a set amount – this can be a one time gift or it can be monthly, quarterly or annually.

The great thing about the automatic draft is that you don't forget and the missionary can count on those funds monthly for ministry expenses.

It saves you time and money as there is no postage, envelope or remembering where the address is.

All you have to do is remember to subtract the gift from your check register each month so you can balance your check book!

It's easy, fast and safe!

To set up a donation by check go to www.almellinger.com click on donate in the support box and follow the online instructions to give.
